

## CHRISTINE STEPHENS

Christine is a graduate of the highly regarded Graphic Design program at George Brown College, winning best portfolio of her graduating year. Christine has worked for some of Canada's most prestigious design firms and publications, and has also taught at George Brown College.

At Urban Strategies, Christine has a critical role as a graphic designer. She is involved in creating an appealing brand identity for many of the firm's projects. Her work ensures that project public consultation and communications pieces – including everything from websites, postcards, panels, brochures, newsletters, billboards, bus shelters and documentary films – are recognizable and engaging.
