

## **COLIN BURROWS**

Colin's work at Urban Strategies involves visually communicating design concepts through a variety of mediums. He is responsible for graphic layout of presentation material, creating renderings, and building computer based and physical scale models.

His current projects include an 80 acre redevelopment and revitalization masterplan for the Springfield University Hospital campus in London, UK. He is also involved in studying development options for the revitalization of the Atkinson co-op in Toronto, ON and an Urban Design Study for Downtown Guelph, ON.

### **EDUCATION**

2006 -  
Design Management  
Ryerson University

1995 - 1995  
Interior Design, Georgian College  
of Applied Arts and Technology

Colin has worked on projects in Toronto and the UK, and his professional experience includes a range of Utility design, Interior design and graphic design projects. Projects that range in scale from private interiors, to regional telecom networks, to community master plans.
