

EWA DOWNAROWICZ

Ewa has a diverse background in environmental planning, community engagement, and project management. She is particularly interested in sustainable growth management and the links between the natural and urban environment, community planning, waterfront and urban regeneration as well as open space planning.

Prior to joining Urban Strategies Inc., Ewa worked with various governmental agencies, including the Toronto and Region Conservation Authority, where she gained extensive knowledge of the environmental regulatory and policy framework in Ontario. Ewa's experience in the environmental field is conveyed in her balanced approach to planning.
