

## **IAN MALCZEWSKI**

Ian Malczewski is an urban planner with a diverse background in project management, public engagement, education and journalism. His work has ranged from designing and facilitating community engagement workshops to overseeing planning approvals for numerous development projects. He also has experience as an educator, lecturing on the topic of Green Cities and facilitating tutorials in the Faculty of Environmental Studies at York University, Toronto. Ian has a strong interest in employing web-based tools and interactive media as a means of diversifying public engagement processes in urban planning and as a vehicle for enabling urban environmental education.

### **EDUCATION**

**2010**

**Master of Environmental Studies,  
Urban Planning and  
Environmental Sustainability Education  
York University,  
Toronto, ON**

**2005**

**Honours Bachelor of Arts,  
English and Semiotics  
University of Toronto,  
Toronto, ON**

Much of Ian's recent work has revolved around developing public engagement processes for large-scale visioning and master planning processes. He has helped design and maintain the project blog for the Ottawa Mid-Centre Town Community Design Plan, and has recently begun work on the public consultation component of the Etobicoke Centre Public Space and Streetspace Master Plan in Toronto, Ontario.

Ian is also working to secure development approvals for a number of projects throughout the Greater Toronto Area, including the SouthCore Financial Centre in Toronto's Financial District, 4050 Yonge Street, a new expansion of Yorkdale Shopping Centre and the Toronto Aquarium. Ian has also developed experience in hospital development through his work with Ontario Shores Hospital for Mental Health Sciences in Whitby, Ontario, and the proposed new York Central Hospital in Vaughan, Ontario.
