

JAMIL BUNDALLI

Jamil is a planner and an engineer with extensive experience working in Canada, the United States and internationally. He possesses a unique perspective on balancing civic engagement, urban revitalization and technical goals. His interests include brownfield redevelopment, sustainability and multi-stakeholder planning.

EDUCATION

2004

Master of Science (Planning)
School of Community and Regional
Planning
University of British Columbia, Vancouver

2001

Bachelor of Applied Science in
Mechanical Engineering
University of British Columbia, Vancouver

Prior to joining Urban Strategies, Jamil worked on international planning projects in Jamaica, Ethiopia and the Philippines, sharing the best of Canada's urban experience across the globe.

Jamil is currently working with the City of Buffalo, leading discussions with the community and political leadership to undertake an in-depth analysis and master plan for approximately 1,800 acres of strategically located land in South Buffalo. Jamil is also supporting several development applications in the City of Toronto.
