

Maxine Cudlip

Associate, Urban Designer

Maxine is an Urban Designer with a background in Landscape Architecture and Urban Design. She is currently working with both public and private sector clients on multi-disciplinary teams, on a broad range of projects including large scale master plans, waterfront developments, landscape design and community revitalization. Maxine recently completed the Byward Market Streetscape Pilot in Ottawa. The framework for this pilot project outlined the importance of public space designed specifically for pedestrians. Maxine is currently involved in the planning and design services for the Richmond Hill Centre Secondary Plan, and a major shopping centre redevelopment, supporting the design direction and facilitating public engagement. Maxine is currently the Executive Coordinator for Council for Canadian Urbanism (CanU).
